IPG has many years of experience meeting the ever-changing needs of appliance manufacturers. With filament reinforced tapes, MOPP based products, masking and double-coated tapes, IPG's quality product solutions have the appliance market locked down. Whether you're manufacturing appliances or shipping spare parts, we have the solution for you.

Logo to front door
•AFT450G •AFT450W

Secure heavy doors
during shipment
•RG22

Secure drinking water
tubing to back of unit
•APL100 •APL200
•TPP350 •TPP200

Secure power
cord for shipping
•RG20 •RG22

Attach decorative trim to
plastic drawers and shelves
•ATA400 •Y2070

Securely attach cooling
coils to inner surface
before foaming
•ALF300

Prevent movement
during foaming, attach
Vacuum Insulation Panel
•DCT080A

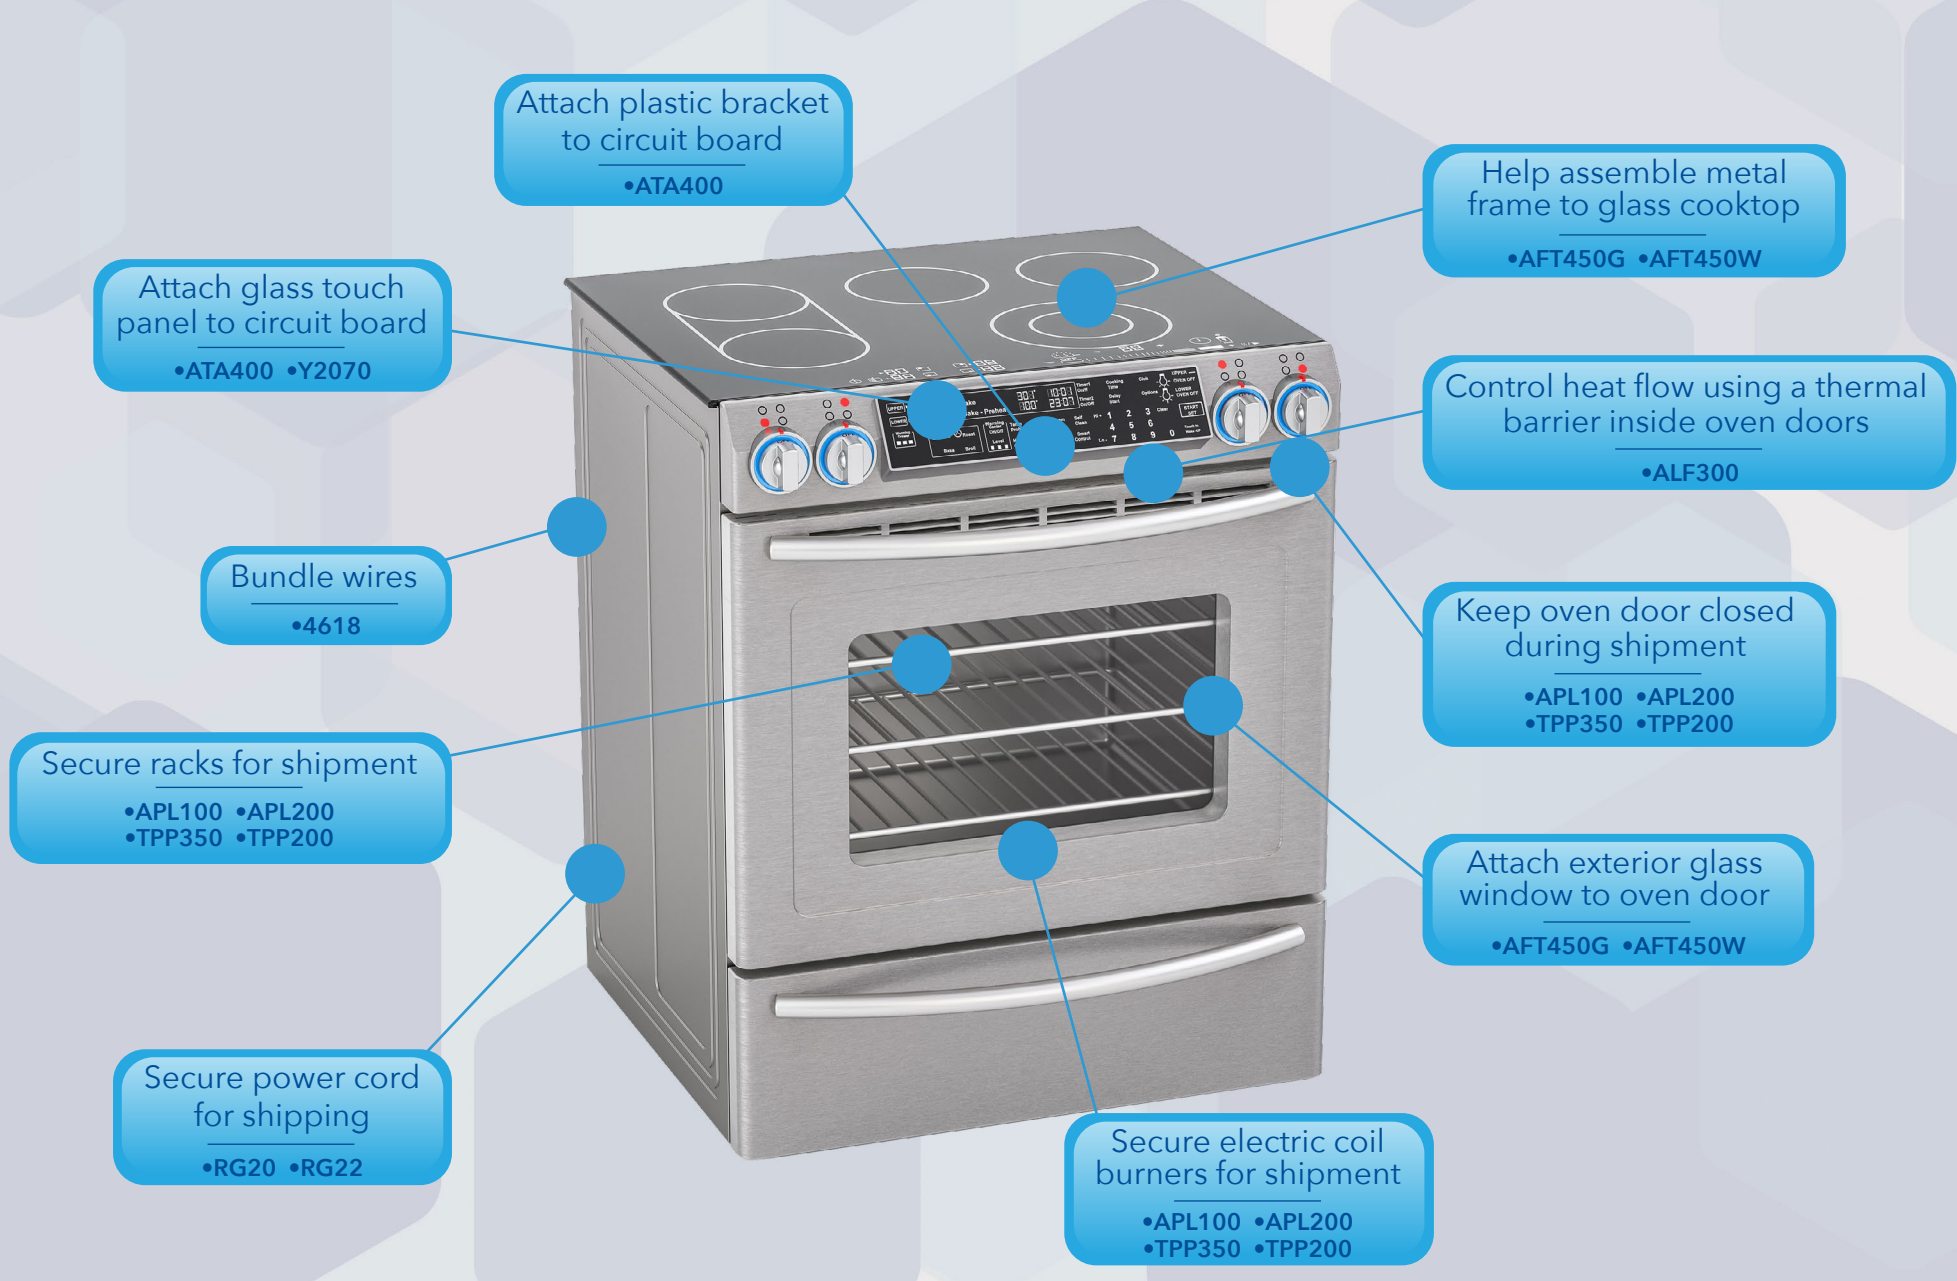

Keep foam from escaping
through access holes
during foaming process
•513 •PG500

Secure racks during shipment
•APL100 •APL200
•TPP350 •TPP200

Before shipping, secure
shelves and drawers
inside refrigerator
•APL100 •APL200
•TPP350 •TPP200

REFRIGERATOR & FREEZER

OVEN & COOKTOP

Attach glass touch
panel to circuit board

•ATA400 •Y2070

Attach trim to edge of glass
lid on top-load dryers

•AFT450G •AFT450W

Secure lid for shipment

•APL100 •APL200
•TPP350 •TPP200

Secure power cord for shipping

•RG20 •RG22

CLOTHES WASHER

Attach glass touch
panel to circuit board

•ATA400 •Y2070

Control heat from
blower assembly

•ALF300

Secure door for shipment

•APL100 •APL200
•TPP350 •TPP200

Attach plastic trim
to front of unit

•ATA400

Secure power cord for shipping

•RG20 •RG22

CLOTHES DRYER

Secure racks for shipment

•APL100 •APL200
•TPP350 •TPP200

Secure door for shipment

•APL100 •APL200
•TPP350 •TPP200

Secure power cord for shipping

•RG20 •RG22

Attach glass touch
panel to circuit board

•ATA400 •Y2070

ATA400

4 MIL ACRYLIC TRANSFER ADHESIVE TAPE

- Features an easy release treated densified kraft paper liner
- Good shear strength and excellent adhesion properties across a broad range of temperatures
- UV resistant
- Product is not repulpable

TDS

Y2070

4 MIL SOLVENT ACRYLIC TRANSFER TAPE

- Resistant to UV, heat solvents and chemicals
- Excellent shear strength and high initial tack
- Features an easy release 6 mil, 60# glassine paper liner (mustard)
- Product is not repulpable
