HAND MASKING FILM

Hand Masking Film from IPG is a pre-folded, high density polyethylene masking film designed for multiple paint applications such as marine, composites, bus, truck, specialty vehicle, automotive repair and home improvement. The thick and durable 12 micron film is treated to resist overspray flaking during multiple gelcoat applications. This special film is designed with a reinforced top edge formulated to prevent the underlying film from sticking.

PERFORMANCE ADVANTAGES

- Pre-folded masking film that prevents overspray and resists paint flaking
- Reinforced top edge to allow for easy dispensing and positioning of the film
- Stain resistant, temperature resistant and solvent resistant
- Static treated to cling to wall
- Comes in multiple sizes
